

Plates and Playlists

Blockheads seamlessly combines modern izakaya cuisine, specialty coffee, and the timeless vibe of vinyl music. Inspired by Japanese listening bars, it is a curation of food, coffee, and sound, coming together in perfect harmony.

Side A

Our signature collection of burgers and sandos brings together the soul of Japanese street food with the boldness of contemporary café fare. Think crispy Katsu Burgers, umami-rich Menchi-style patties, sweet potato, tempura buns, and creamy Japanese potato salad Sandos, all built with punch.

House-made sauces, and layered textures make each bite satisfying yet refined. Don't miss our sweet sandos, pillowy shokupan filled with whipped cream, seasonal fruit, or indulgent fillings crafted to surprise and delight.

We believe that some experiences are better when they're tangible — like the soft crackle of a record, the aroma of freshly brewed coffee, or a quiet conversation shared across a turntable. In a world that moves fast and scrolls faster, we want to bring back the analog — moments you can touch, hear, and truly feel.

It's not just about music or coffee, but about presence. About rediscovering the charm of simple, unhurried experiences.
